

FEATURE	FACIAL REJUVENATION ACUPUNCTURE	MICRONEEDLING + ACUPUNCTURE COMBO
What It Is	A holistic facial treatment that uses acupuncture and traditional facial techniques to naturally lift, sculpt, and rejuvenate the face	A skin rejuvenation treatment that combines microneedling (tiny controlled micro-injuries to the skin) with acupuncture and supportive therapies to stimulate collagen, improve skin quality, and enhance overall facial structure
Main Goal	Natural lifting, sculpting, and healthy aging	Deeper rejuvenation, collagen rebuilding, and corrective results
Included Techniques	Facial acupuncture, facial cupping, gua sha, LED light therapy, and holistic facial rejuvenation techniques	Microneedling, LED light therapy, and body acupuncture
How It Works	Uses facial acupuncture points to improve circulation, support facial muscles, reduce tension, and encourage natural collagen production	Combines microneedling to create controlled micro-channels, LED light to support healing, and body acupuncture to support whole-body balance and skin health
Best For	Facial sculpting, lifting, puffiness, skin tone, circulation, and prevention	Fine lines, wrinkles, texture, enlarged pores, acne scars, and overall collagen loss
Lifting & Contouring	Excellent for natural lifting, sculpting the jawline, defining cheekbones, reducing puffiness, and improving facial muscle tone	Light structural contouring supported by collagen stimulation for firmer, more refined facial appearance
Skin Texture	Brighter, smoother, healthier-looking skin	Significant improvement in texture, firmness, pore size, and overall skin quality
Collagen Stimulation	Moderate and gradual	High and corrective
Downtime	None	Mild redness 24-48 hrs
Think Of It As...	A natural facelift treatment that lifts, sculpts, and revitalizes the face	A regenerative skin "reset" that triggers the body's healing response to rebuild collagen and renew the skin from within
